

## MDM-30 - Group Foam

Low expansion foam, 6 sheets (1 m<sup>2</sup>)

- High damping
- Excellent sound absorption; highly efficient, even at low frequencies
- For sound absorption in speaker cabinets and for car hi-fi applications
- Sheets are self-adhesive on one side
- Dimensions of each sheet: 495 x 330 x 10 mm
- Very high volume weight: 300 kg/m<sup>3</sup>

## Technical data:

|                                |                         |
|--------------------------------|-------------------------|
| Description                    | : low expansion foam    |
| Nominal value                  | : 300 kg/m <sup>3</sup> |
| Type                           | : -                     |
| Colour                         | : grey                  |
| Material                       | : foam                  |
| Suitable for                   | : sound absorption      |
| Power supply                   | : -                     |
| Admiss. ambient temp.          | : 0-40 °C               |
| Dimensions                     | : 495 x 330 x 10        |
| Length                         | : -                     |
| Mounting dimensions            | : -                     |
| Weight                         | : 2.5 kg                |
| Connections                    | : -                     |
| Other features                 | : -                     |
| Packing unit                   | : 6                     |
| Packing dimensions (W x H x L) | : 0.33 x 0.06 x 0.5 m   |
| Gross weight                   | : 2.77 kg               |
| Net weight                     | : 2.67 kg               |
